Harvey Powell, of the accountant force of the local Santa Fe store house, expects to leave tonight on a visit to his home at Topeka.

The Santa Fe Central will in a few days receive from the Atchison, Topeka & Santa Fe railway, sixty cars of steel rails for the Albuquerque Eastern railway, to be delivered to the last named road at Willard.

Chas. Pollock, who was one of the veteran conductors of that line, and who was with the El Paso & North-eastern ever since it was built, was let out of the service last week by the officials of the Southwestern.

S. S. Smith, who was arrested some time past for breaking into the cars at Santa Rosa station, on the Rock Island, and stealing valuable property, was brought before W. S. Shepherd, United States commissioner at Alamogordo, for a hearing and was held for the United States grand jury which meets next week.

The Optic says: M. W. O'Rourke, who has been employed for the past couple of months as day clerk at the Castaneda hotel, Las Vegas, has resigned his position and has left for Indianapolis, Ind., where his father has taken charge and opened the English hotel. Mr. O'Rourke was a very clever gentleman and made many friends among the patrons of the local hostelry. He has been succeeded by H. B. Greer, who formerly acted as clerk at the Brown Palace at Denver.

The Pullman car, "Patterson," which arrived from the east last night and was held at the local station during the day, met with a slight accident on the road. The front right-hand corner gave evidence of having collided with a box car, and some deep marks on the side showed that the obstruction, after being bumped off the road once, came back again before the Pullman could pass.

The Farmington Enterprise says: The mail contract with the star route carriers will be cancelled and the service begun by the railroad on December 11, which will bring our mail in about eight hours earlier than at present. January 1 the mail schedule to and from Shiprock will be changed so that it will leave that point at 4:30 a. m. and arrive here at noon, returning the same day, reaching here in the evening, thus connecting with the train service.

BALDWIN WORKS
WILL NOT BE MOVED.
A report telegraphed from Philadelphia that the Baldwin Locomotive works were about to be removed from that place to the middle west, possibly to Kansas City, is declared to be without foundation.

The Business Men's League of St. Louis took up the matter as soon as the report appeared and telegraphed John H. Converse, of the Baldwin company, that if the plant was to be removed from Philadelphia, St. Louis would offer inducements for it to be located there. Mr. Converse informed the league that the Baldwin plant will remain in Philadelphia and that there had been no intention whatever of moving the works.

THANKSGIVING

(For The Citizen.)
Rejoice, O land, in praise and song,
Lift up thine heart and bend thy knee;
The God of Love hath watched thee long—
The God of Grace hath made thee free.

And since the day glad freedom came
And westward moved the tide of life,
Thou, land, hast wrought a noble name,
For in thy movements God is rife.

The flag that waves for free-man's rights
Protected by thy mighty hand,
Is but the type of Him who fights
For thee—a consecrated land.

From year to year thy bosom yields
A wealth unmeasured and untold;
And from thy woods, and plains and fields
Come treasures richer far than gold.

Thy homes and schools, and church and state
Bespeak the people of thy face;
Prepared are they for any fate
Save to defame the human race.

O, favored land, this present year
With peace and plenty, and to spare!
Rejoice with thanks in holy fear,
And lift thy heart in humble prayer.

SHOT IN WRIST.

Shooting Scrape at Las Vegas and One is Shot.

Cornelio Baca, a special deputy, shot Manuel Serna through the wrist in a melee that occurred on the west side Saturday evening, says the Optic. A number of men, including one of the Oklahoma witnesses in the train robber case, raised some disturbance, and the Oklahoma man was disarmed by Baca. Serna started to run away, and, declining to stop when commanded, Baca fired a shot with the Oklahoma man's gun, which went through Serna's wrist. Serna then gave himself up and was taken to jail.

W. A. Wilson, inspector of artesian wells, is in receipt of a letter from Thomas McCauley, secretary of the Business Men's association of Deming, N. M., asking the cost of boring deep wells, from one to two thousand feet deep, says the Roswell Record. He prefaced his question with the statement that Deming wanted to put down a deep well to see if that country did not have an artesian flow. The letter was referred to J. W. Thomas, of the Roswell Hardware company, who has sent full information.

FATHER DEAD

JACOB FRENCH, FATHER OF EDWARD E. FRENCH, DEAD IN NEW JERSEY.

Edward E. French, who is employed at the Arcade in Las Vegas, and well known in Albuquerque, received a telegram the other afternoon from Westfield, N. J., informing him that his father, Jacob French, had passed away at 12:15 p. m. on November 23, and would be buried Sunday. Mr. French was 82 years of age. About six months ago he was run over by a delivery wagon driven by a boy, and had badly injured in his back and head and was unconscious for long periods. He made a heroic struggle against death, but weakened by his extreme old age, he finally succumbed.

CATTLE GROWERS TO MEET

ARIZONA CATTLE GROWERS' ASSOCIATION WILL HOLD CONVENTION AT PHOENIX ON DECEMBER 6.

J. N. Porter, of Globe, a member of the executive committee of the Arizona Cattle Growers' Association, has been notified that a meeting of that organization will be held at Phoenix, December 6, the third day of the territorial fair. The notice is from Capt. W. H. McKirick, president of the association, and he urges cattlemen generally to attend the meeting, as much business of importance is to be attended to, says the Globe Register.

Those cattlemen of Gila county who are not members of the association should affiliate themselves with it without delay, and give their influence for furthering the interests of the cattle growers of Arizona.

HE'S SO 'RANTANKEROUS'

(From a snapshot taken at the investigation.)

WM. MANNING.

He is the Albany man who had been getting \$450 a year from the Equitable Life, Mutual Life, and New York Life since 1888, until it was reduced to \$380 a year. In the New York insurance inquiry he was first learned of when a letter was found referring to him as Senator Depew's "rantanker-

ous friend from up the river." A witness said Manning "knew too much," and had been paid money to keep him quiet. Called to the stand, he said he got the money for services as an insurance expert. He admitted however, that he had known for years that the affairs of the mutual life insurance companies were rotten.

THE GRINDELL SEARCH

TO BE CONTINUED AND DOUGLAS HAS RAISED A FUND FOR THE PURPOSE.

The city of Douglas, Ariz., has contributed \$615 to a fund with which E. P. Grindell may continue the search for his brother, Tom Grindell. Ed Grindell, who lives in Tucson, has exhausted his resources in the search for his brother, and he arrived in Hermosillo several weeks ago financially broke. He appealed to a friend in Douglas where Tom Grindell was principal of the public schools, and in a very short time subscription papers were taken about the city and the voluntary offerings ranged from \$20 to \$1.

With his new funds, Ed Grindell will be able to fit out another expedition and prosecute the search for several months. There is a bare possibility that Tom Grindell and his party may be in the mountains somewhere in Sonora ignorant of the commotion they have occasioned, but it is believed by most people that the party have perished and that their remains will never be found.
